

CHILDREN'S SERVICES HEALTH & SAFETY

HEALTH & SAFETY POLICY		
<i>Northern Schools Federation</i>		
<i>Autumn 2016</i>		
<i>Approved by Carol Walters, Executive Head teacher</i>		
<i>Signature:</i>	<i>Date: Autumn 2016</i>	
<i>Chair of governors:</i>	<i>Signature:</i>	<i>Date: Autumn 2016</i>

Statement of intent

It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partners, contractors, sub-contractors, employers, Hampshire County Council departments, and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety & welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone including staff/pupils and visitors
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill health
- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies & procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

Organisation

The overall responsibility for health and safety within the Northern Schools Federation is held by Hampshire County Council who will:

- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding suitable health & safety requirements and arrangements
- Periodically monitor and review local health and safety arrangements

CHILDREN'S SERVICES HEALTH & SAFETY

Responsible manager

The responsible manager is the Head of School on each site who will act to;

- Develop a safety culture throughout the school
- Consult staff and provide information, training and instruction so that staff are able to perform their various tasks safely and effectively
- Assess and control risk on the premises as part of everyday management
- Ensure staff are aware of their responsibilities
- Ensure a safe & healthy environment & provide suitable welfare facilities
- Make operational decisions regarding health & safety
- Ensure periodic safety tours and inspections are carried out
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure staff are aware of their health & safety responsibilities
- Periodically update governing bodies / partnerships as appropriate
- Produce, monitor & review all local safety policies & procedures
- Monitor and Review Health and Safety policy periodically and as required.

All staff (including volunteers)

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health & safety and that of others affected by their activities by:

- Supporting the school's health & safety arrangements
- Ensuring their own work area remains safe at all times
- Not interfering with health & safety arrangements or misusing equipment
- Complying with safety procedures, whether written or verbally advised for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led, to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill health to others

The Caretaker / Site Manager

The Caretaker / Site Manager on each site is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of, the responsible manager. He is to work within the parameters of any provided training and in accordance with the risk assessments and the onsite safe working practices.

He is to work within his own level of competence and seek appropriate guidance and direction from the Head of School and / or the Children's Services Health and Safety team as required.

Our caretaker / site manager is responsible for; all aspects of 'working at height' safely including step ladder inspections, COSHH risk assessments, asbestos management, legionella management, risk assessments and manual handling risk assessment with support where necessary, as well as supporting the Head of School in fire safety. He has received training in all these areas to ensure competence and also in first aid. Updating this training is in the schools 'bring up' diary system.

All Teachers and Support Staff

The responsibility of applying safety procedures on a day-to-day basis rests with the teachers and supervisors. Where any new process or operation is introduced in the area of their responsibility, they are to liaise with the Head of School so that the associated risks are assessed and any precautions deemed necessary are implemented.

CHILDREN'S SERVICES HEALTH & SAFETY

All accidents will be investigated by them in accordance with the current procedures in order that the cause of any accident can be identified and remedial actions taken as appropriate. They are to ensure that all new members of staff under their control are instructed in their own individual responsibility with regards to the Health and Safety at Work etc. Act 1974 and that they frequently make inspections of their areas of responsibility, taking prompt remedial action where necessary

Employees

Employees have a responsibility to ensure they act in a responsible way towards the health & safety of themselves, other members of the school, visitors, contractors and members of the public. They are required to co-operate with supervisors & safety representatives and to adhere to safety guidance provided to assist in maintaining standards of health and safety within the school

Resources Committee

The Resources Committee includes a named Health and Safety governor. One of their roles is to assist in the assessment of safety related matters and provide appropriate support to the Heads of School. Both parties meet termly and discuss items according to the termly agenda. This is consequently reported to the Governing Body. The Resources committee discusses on site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Resources committee staff will be kept informed of all changes in practices and procedures, new guidance, accidents and risk related matters.

Fire safety co-ordinator

The named Fire safety co-ordinator is the competent person for fire safety on the premises. The Fire safety co-ordinator has attended the fire safety training course and will refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day to day fire safety related duties and upkeep of the fire safety manual.

The Fire safety co-ordinator is to work within their level of competence and seek appropriate guidance and direction of the Health and Safety team as required.

Health and Safety representative

The named Health and Safety Representative is expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements

Legionella competent person

The Caretaker / Site Manager is the nominated competent person for Legionella on the premises and acts on behalf of the Head of School to provide the necessary competence to enable Legionella to be managed safely. He is to annually complete the Legionella e-learning course and all training records are to be retained.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements.

The Legionella competent person will advise the Head of School of any condition or situation relating to Legionella which may affect the safety of any premises users.

The Legionella competent person is to work within their level of competence and seek appropriate guidance and direction from the Head of School and/or the Children's Services Health & Safety Team as required.

CHILDREN'S SERVICES HEALTH & SAFETY

Asbestos Competent Person

The Caretaker / Site Manager is the nominated competent person for asbestos on the premises and acts on behalf of the Head of School to provide the necessary competence to enable asbestos to be managed safely. The nominated person is to annually complete the asbestos e-learning course and all training records are to be retained.

The asbestos competent person will ensure that all staff have a reasonable awareness of asbestos management and dangers. The nominated person is to ensure that the appropriate staff are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental and corporate requirements. The nominated person will advise the Head of School of any condition or situation relating to asbestos which may affect the safety of any premises users. The nominated person is to work within their level of competence and seek appropriate guidance and direction from the Head of School and/or the Children's Services Health & Safety Team as required.

Accident Investigator

There is an on-site trained accident investigator who will lead on all accident investigations in accordance with departmental and corporate procedures.

ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Northern Schools and are to be used alongside other current unit/centre/school/premises procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with departmental and corporate policy requirements.

Any accident, incident or injury involving staff, visitors or contractors is to be reported and recorded in the HCC Accident Report Book held in the relevant school office.

A copy of the completed form is to be forwarded to the Children's Services Health & Safety Team in accordance with Children's Services Safety Guidance Procedure SGP 17-07.

Minor accidents to pupils are to be recorded in the exercise book / file in the relevant school office.

Accidents involving children locally considered to be of a more serious nature than the minor incidents are to be recorded on a CSRF-003 School Accident Internal Report Form which is to be retained on site.

The more serious accidents that are notifiable to the Health & Safety Executive (HSE) are to be reported using the F2508 Report Form and a copy is to be forwarded to the Children's Services Health & Safety Team.

All significant accidents, incidents and near-misses are to be immediately reported to the relevant Head of School who will inform the Executive Headteacher of the incident. The relevant Head of School and trained accident investigator in liaison with the Executive Headteacher will always conduct a documented investigation into more serious incidents.

The purpose and intended outcome of the investigation is to identify the immediate and underlying causes of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

CHILDREN'S SERVICES HEALTH & SAFETY

The HCC online accident investigation report tool is to be used for the recording/reporting of investigations. The Head of School will ensure that the governing body/partnership/senior management is appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Resources committee for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the unit/centre/school/premises staff, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Administration of Medicines

Arrangements regarding medicines are set out in the Administration of Medicines policy.

Asbestos Management

Asbestos management on site is controlled by the asbestos competent person. The asbestos register as issued by PBRS is located at the front desk in the main office and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site.

Any changes to the premises' structure that may affect the asbestos register information will be notified to PBRS in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Head of School and/or the asbestos competent person who will immediately act to cordon off the affected area and contact the PBRS Asbestos Team for guidance.

Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the Head of School and/or asbestos competent person.

Child Protection

Arrangements regarding child protection are set out in the Child Protection Policy.

Community Users/Lettings/Extended Services

The responsible Head of School will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed using RATF-047A or RATF-047B
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and exit are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

CHILDREN'S SERVICES HEALTH & SAFETY

Contractors on Site

HCC approved contractors are always to be used for contractual work on the premises. Where non-HCC approved contractors may be required or selected for use then appropriate safe selection procedures are to be used to ascertain competence prior to engaging their services. The departmental CSAF-013 Safe Selection of Contractors Checklist is to be used to determine competence of non-HCC contractors who will require adequate risk assessments to demonstrate their safe working practices for specific work being undertaken.

All contractors must report to main office where they will be asked to sign the visitors book and asbestos register, and will commence contracted work as previously agreed. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

Host staff are responsible for monitoring work areas and providing appropriate supervision, more so where the contractor's work may directly affect staff and pupils on the premises.

Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant subject teachers using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council.

The appropriate teachers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

Display Screen Equipment

All regular users must complete the *display screen equipment e-learning course* every year without exception. All users must carry out periodic workstation assessments using CSAF-001 Workstation Assessment Form.

Workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

Electrical Equipment

The Site Manager/ Caretaker under the direction of the Head of School will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Where 13-amp sockets are in use, only one plug per socket is permitted
- Regular cabling inspections take place
- Equipment is not to be used if found to be defective in any way
- Defective equipment is to be reported & immediately taken out of use until repaired
- All portable electrical equipment will be inspected/tested annually
- Equipment testing/inspection can only be carried out by a competent person.
- Private electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested
- New equipment must be advised to the Head of School in order that it can be added to future PAT testing schedules

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to the caretaker / site manager and attended to as soon as possible.

CHILDREN'S SERVICES HEALTH & SAFETY

Emergency Procedures

General emergency evacuation for non-fire related emergencies is to be carried out in accordance with the unit/centre/school/premises emergency evacuation plan.

The unit/centre/school/premises has a fire emergency plan for fire related emergencies and an emergency evacuation plan for all non-fire emergencies.

All staff will receive a brief and/or a copy of the emergency evacuation plan at induction, and they will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The Head of School is the fire safety co-ordinator and the competent person for fire safety on the premises. They are the immediate point of contact for all fire safety related enquiries on site.

The Head of School will ensure through the fire safety co-ordinator that:

- All staff complete the mandatory *fire safety induction e-learning course* every year
- Fire safety procedures are readily available for all staff to read
- Fire safety information is provided to all staff at induction and periodically thereafter
- Fire safety notices are posted in the key areas of the building close to the fire points
- Evacuation routes and assembly points are clearly identified
- Staff are aware of their own responsibilities for knowing the location of fire points and fire exits. They should also know the location of the assembly point in the event of fire
- All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked *flammable*
- Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the unit/centre/school/premises.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

General Equipment

All general equipment requiring statutory inspection and/or testing on site (*eg. boilers, PE equipment, climbing apparatus*) will be inspected by appropriate competent contractors as provided by the term contractor under PBRS arrangements, or as locally arranged.

CHILDREN'S SERVICES HEALTH & SAFETY

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported and immediately taken out of use until repairs can be carried out.

Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct location
- Rubbish and litter are cleaned and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

Hazardous Substances

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor, and the product has been approved for safe use on site by the Head of School. The premises COSHH assessor is the caretaker / site manager.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance. Staff must never attempt to use a harmful substance unless adequately trained to do so, and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage containers when not in use. This is to remain locked at all times.

Inspections and Monitoring

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the premises defect book and reported to the caretaker / site manager.

Routine documented inspections of the premises will be carried out every half term in accordance with the premises half termly inspection schedule. Inspection findings are to be recorded on the locally adapted CSAF-005/CSAF-010 Half Termly Premises Safety Inspection Checklist. Actions will be recorded on an action plan.

Defects identified during these routine documented inspections are to be immediately reported to the Head of School and recorded in the defect book. Any identified high level risks or safety management concerns are to be actioned by delegated staff within a given timescale.

Periodic detailed inspections of the premises' safety management system will be carried out every year by the Health and Safety governor and the Head of School. These documented inspections will examine all areas of the safety management system and will be carried out using the locally adapted CSAF-004/CSAF-011 Annual H&S Inspection Checklist.

CHILDREN'S SERVICES HEALTH & SAFETY

Kitchens

The main kitchen area is only to be used by authorised staff in accordance with the identified safe working procedures. Authority and procedures for local management of the main kitchen is through liaison between the Head of School and the school cook.

Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Safe working procedures and authorised access for other kitchen areas, food preparation areas are agreed by the Head of School and shared with staff and volunteer helpers.

Legionella Management

Legionella management on site is controlled by the Legionella competent person who is the caretaker / site manager. They will manage and undertake all procedures regarding Legionella in accordance with Children's Services Safety Guidance Procedure SGP 13-07. Records of all related training, flushing, temperature monitoring, cleaning and defects are to be retained for auditing purposes.

Lone Working

All lone working is to be approved by the Head of School and is to be carried out in accordance with the premises lone working risk assessment and the local written procedures. Please see the security policy for the lone working arrangements for staff who may undertake lone working on this site, along with the lone working register.

Moving and Handling

All staff must complete the *moving and handling e-learning course* every year without exception. Staff are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training and/or have been provided with mechanical aids in order to work safely.

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely.

The caretaker / site manager is expected to undertake regular physical work which would typically include significant moving and handling, so therefore he/she must attend a formal moving and handling course specific to the work requirements.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

Physical Intervention

Arrangements regarding physical intervention are set out in the Physical Intervention Policy.

Provision of Information

The Head of School will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises. These systems are staff meetings, team meetings, information meetings and signature based receipt of information. The Health and Safety board in the staffroom also displays information.

CHILDREN'S SERVICES HEALTH & SAFETY

Local health and safety advice is available from the designated person for each aspect of Health and Safety and the Children's Services Health & Safety Team can provide both general and specialist advice.

The *Health and Safety Law* poster is displayed in the staff room.

Risk Assessment

General risk assessment management will be co-ordinated by the Head of School in accordance with guidance contained in the Children's Services Safety Guidance Procedure SGP 01-07.

Risk assessments must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists.

The trained risk assessor on site will oversee the correct completion of risk assessments as appropriate. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the Head of School or their delegated member of staff prior to implementation.

Completed risk assessments are listed in the Risk Register and will be reviewed periodically in accordance with each risk assessment's review date as listed for review in the premises bring-up diary system.

Security

Arrangements regarding security are based on the premises security risk assessment and are set out in the on-site security policy & procedures which include emergency lock / unlock routines.

Smoking

Smoking is not permitted on the premises.

Stress & Wellbeing

Northern Schools are committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Children's Services' and Health & Safety Executive's Management Standards, guidance and requirements.

On-site arrangements to monitor, consult and reduce stress situations are addressed by discussions informally according to individual health and wellbeing needs.

Traffic Management

Arrangements regarding on-site traffic safety are based on the premises traffic risk assessment and are set out in the on-site traffic policy and procedures.

Training

Health and safety induction training will be provided and recorded for all new staff/volunteers in accordance with the CSAF-017 New Staff Health & Safety Induction Checklist.

The Head of School is responsible for ensuring that all staff/volunteers are provided with adequate information, instruction and training regarding their safety at work. A training needs analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

CHILDREN'S SERVICES HEALTH & SAFETY

All staff will be provided with following as a minimum training provision:

- Induction training regarding all the requirements of this health and safety policy
- Appropriate local training regarding risk assessments and safe working practices
- Updated training and information following any significant health and safety change
- Specific training commensurate to their own role and activities
- Periodic refresher training that will not exceed three yearly intervals
- Appropriate annual e-learning courses to meet HCC mandatory corporate training requirements

Training records are held by Head of School who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at Northern Schools.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries, and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future.

Violent incident reporting is completely confidential. Violent and aggressive incidents are to be reported using CSRF-001 Violent Incident Report (VIR) Form in accordance with Children's Services Safety Guidance Procedure SGP18-07. Forms are kept securely in the office.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety, fire safety and child protection information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a visitor's badge following signing in and being asked to read the Health and Safety sheet for visitors.

Work at Height

Work at height is always to be undertaken in accordance with the Children's Services Safety Guidance Procedure SGP 23-08. At Northern Schools general work at height will be undertaken in accordance with the on-site generic risk assessment for work at height which identifies general requirements and safe working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task.

The caretaker / site manager is the competent person for work at height on each premises and has attended the Caretaker Support Service Ladder & Stepladder Safety half-day course and they are authorised to:

- Use steps, stepladders and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to staff in accordance with SGP 23-08
- Provide stepladder and steps training to staff using the Children's Services *Stepladder & Steps Safety* user training presentation
- Carry out periodic inspections of all on-site ladders, stepladders and podium steps
- Remove access equipment from use if defective or considered inappropriate for use

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

CHILDREN'S SERVICES HEALTH & SAFETY

Work at height on the premises is only permitted to take place under the following conditions:

- Any work to be carried out at height must be underpinned by a risk assessment
- Access equipment selected for work at height must be as per the risk assessment
- Any staff working at height must be appropriately trained to use the access equipment
- Staff are not to improvise or use alternative access methods of their own choice
- Use of any furniture, including tables and chairs, is forbidden for any work at height
- Staff may only use step stools if they have received a local instructional training brief
- Staff may only use stepladders if they have received training from the ladder and stepladder competent person
- Staff may only use leaning ladders if they have personally attended the Caretaker Support Service Ladder & Stepladder Safety half-day course within every three years
- Any safety concerns about a work at height task must be raised prior to work starting
- Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors
- Contractors working at height are to be appropriately supervised and must only use their own access equipment
